**Subject:** Pebble Permit oversight/NEPA team meeting agenda & Pebble EIS website

Hi all-

The Corps and AECOM have launched the public Pebble EIS website. Below is the link.

<http://pebbleprojecteis.com/#/>

The website includes a project overview, links to the application materials, an estimated schedule, and other information.

The Notice of Intent is expected to be published tomorrow in the Federal Register announcing a 30-day scoping period beginning on April 1.

We can discuss this during our team meeting today. Other agenda items include

- update on the cooperating agency meeting
- process for developing scoping comments

Please let me know if you have additional agenda topics.

Thanks-

Patty
